

CNC Machinist Program

This exciting new program will train you for an entry level position in the high demand field of CNC Machining in just 30 weeks! Great Lakes Bay Michigan Works reports the hourly average wage in this field to be \$17.08.

The program consists of six classes that can be completed in one school year. The cost for each class is \$150.

Required Classes:

Blueprint Reading
Machine Shop Fundamentals
Machine Shop II & III
CNC I & II (With Mastercam)

The program includes 240 hours of instruction in our well equipped shop including HASS Lathes and Mills. Those who complete the program will have had training and experience in:

Experiences/Skills:

Machining Fundamentals
Manual Mill
Manual Lathe
Surface Grinding
CNC Mill
CNC Mastercam

We also have machining courses for those looking to improve their machining skills or get shop time. Please contact us for more information.
